

Training and Work Pathways Program 2016

The *Training and Work Pathways Program 2016* supports innovative training delivery and creative projects that will improve the skills, employment opportunities and social inclusion of disadvantaged Tasmanians. The focus of the program is a mix of pre-VET preparation, work readiness and employability skills, workplace culture and coordinated wrap-around support. TWPP also supports action research projects that address identified barriers and systems gaps that linked to growth employment areas.
