2024 – 25 Industry Partnerships Program funded projects

Project owner	Lady Gowrie Tasmania Incorporated
Project title	Supporting Trainees to succeed through enhanced interactive learning design
Project description	The project seeks to enhance online learning engagement of trainees enrolled in Certificate III Early Childhood. It will deliver a sample of interactive 'bite size' online training materials based on contemporary learning design principles and reflecting industry needs and practices. With an aim to improve the quality of training including addressing trainee and workplace time constraints. This will be supported through the purchase of technology and equipment that will enable video/recording capability. To ensure capacity building and sustainability, the project will engage a local business specialising in learning design who will develop technical guides and a resource tool kit.
Partners	<ul style="list-style-type: none"> • Discovery Early Learning Centres • Lady Gowrie Tasmania (Education and Care Services)
Target industry	Early Childhood Education and Care
Project base	South Hobart
Grant amount	\$46,786

Project owner	Avidity Training Pty Ltd
Project title	Individual Support Training Centre - Launceston and Devonport
Project description	The project will establish an individual support training facility in Launceston and Devonport for delivery of Certificate III in Individual Support and Certificate IV in Disability Support qualifications, and associated skill sets. The facility will support increased uptake in training and employment for the disability and aged care services sectors and support growing workforce needs across north and north-west Tasmania.
Partner	adaptCARE
Target industry	Aged Care Services, Disability Services
Project base	Launceston and Devonport
Grant amount	\$44,680

Project owner	Master Builders Assoc of Tasmania Inc.
Project title	Trade Ready Trailer
Project description	Purchase of a dedicated tool trailer to support the delivery of training across a range of pre-employment and industry awareness programs in the building and construction sector. The trailer will be equipped with high-quality tools to ensure safe, effective, and mobile training for participants in programs such as nextGen Trades, ConstructHER, Deadly People in Construction, and Introduction to Construction.
Partner	TasTAFE
Target industry	Civil Construction, Construction, Vocational Education and Training
Project base	Cambridge
Grant amount	\$49,760

Project owner	The Trustee for Medecs Australia Trust
Project title	Contemporary training equipment for the disability and care sector
Project description	Purchase of first aid and care related advanced simulation training equipment, including TERi Patient Care Trainers and Adult Choking Manikins, to enhance the delivery of nationally recognised units of competency: HLTHPS006-Assist clients with medication, HLTAID009-Provide cardiopulmonary resuscitation, HLTAID011- Provide First Aid, and HLTAAP001 - Recognise healthy body systems across the Tasmanian disability and care sector.
Partner	Wonderland Community Services
Target industry	Aged Services, Disability Services, Early Childhood Education and Care, Medical and Other Health Care Services, Other Community Services, Vocational Education and Training
Project base	Dowsing Point
Grant amount	\$48,860

Project owner	Nyrstar Hobart Pty Ltd
Project title	Certificate III in Process Plant Operations
Project description	Purchase of equipment and contextualisation of training and assessment resources for the delivery of the PMA30120 Certificate III in Process Plant Operations for Nyrstar's workforce.
Partner	TasTAFE
Target industry	Mining, Advanced Manufacturing
Project base	Hobart
Grant amount	\$40,000

Project owner	Link Resources Training Pty Ltd
Project title	Equip Tasmania
Project description	Purchase of modern plant and associated equipment, and the development of contextualised training and assessment materials tailored to the needs of various engineering, manufacturing, construction and mining sectors for delivery of locally relevant nationally recognised training in Forklift Operation, Elevated Work Platforms, Traffic Management and Control, and Load Restraint. The aim is to improve access, relevance, and training quality in these high demand skills that will help build a safer, more capable, and job-ready workforce.
Partners	Civil Construction Federation, Tasmanian Transport Association, De Bruyns Transport
Target industry	Accommodation and Food Services, Aquaculture, Civil Construction, Cleaning, Construction, Correctional and Detention Services, Dairy, Defence Manufacturing, Disability Services, Electricity, Gas, Water and Waste Services, Emergency Services, Engineering, Food Manufacturing, Forestry, Fruit Growing, Grape Growing, Hospitals, Local Government, Mining, Other Agriculture, Other Community Services, Other Manufacturing, Telecommunications, Transport and Logistics, Vocational Education and Training, Winemaking, Distilling, Brewing, Wool Industry.
Project base	Wesley Vale
Grant amount	\$247,159

Project owner	SRTA Pty Ltd
Project title	Empowering Tasmanian industry through advanced simulation training facilities
Project description	Purchase of equipment and technology, contextualisation of training and assessment materials, and developing and upgrading tools and resources to enhance workforce skills and industry readiness in safety related Units of Competency that apply to various key industries: HLTAID009 – Provide CPR, HLTAID011 – Provide First Aid, HLTAID015 – Provide Advanced Resuscitation and Oxygen Therapy, RIIWHS202E – Enter and Work in Confined Spaces, MSMWHS217 – Gas Test Atmospheres, and PUASAR025 – Undertake Confined Space Rescue.
Partners	Tasmanian Minerals, Manufacturing & Energy Council, TasWater, Southcentral Workforce Network, Northern Employment and Business Hub (NEBHUB)
Target industry	Accommodation and Food Services, Aquaculture, Aged Services, Civil Construction, Cleaning, Construction, Correctional and Detention Services, Dairy, Disability Services, Early Childhood Education and Care, Electricity, Gas, Water and Waste Services, Emergency Services, Forestry, Local Government, Mining, Retail, Transport and Logistics, Vocational Education and Training, Winemaking, Distilling, Brewing
Project base	Cambridge
Grant amount	\$46,823

Project owner	Building Group Apprenticeship Scheme Ltd
Project title	Tasmanian Cabinet Making/Timber Technology Training Enhancement Project
Project description	Purchase of specialised carpentry equipment essential for delivery of the MSF30322 Certificate III in Cabinet Making and Timber Technology qualification across three training centres. The equipment will specifically support wood machining units, allowing Tasmanian apprentices to complete their training locally rather than interstate. Proposed equipment purchases include a CNC Router, Panel saw combination machine, Hinge borer-Multi borer, Mini Press-Multi Spindle, Band saw and Drill press.
Partner	Keystone
Target industry	Construction
Project base	Derwent Park
Grant amount	\$81,000
