2027 Government Funded Priority Courses List

Government Funded Priority Courses List

The Skills Tasmania 2027 Government Funded Priority Courses List is informed by the [Skills Tasmania Government Funded Priority Courses Policy Statement](#) and supports the delivery of outcomes under the [Tasmanian Skills Plan](#). It is intended as a signalling tool to guide applications from eligible Registered Training Organisations to the 2027 Building a Skilled Workforce Program (BASW) grant rounds.

The Priority Courses List has been developed as a concise set of priority qualifications. Consequently, some training products that remain valuable and relevant have not been included. Exclusion from the Priority Courses List does not indicate that a training product is unimportant. Rather, it reflects a prioritisation process focused on current policy objectives and workforce needs.

The Priority Courses List should be viewed as an indication of the Tasmanian Government's current training priorities. The BASW program retains the flexibility to support other training products where a demonstrated need exists, ensuring responsiveness to emerging skills demands and workforce requirements.

Registered Training Organisations may apply for funding for any eligible training product through the 2027 BASW grant rounds. Where a product is not included on the Priority Courses List, applicants will be required to provide a supporting rationale demonstrating the need for the proposed training.

Custom Skill Sets previously approved by Skills Tasmania, and skill sets derived from qualifications included on the Priority Courses List, are considered priority and do not require a supporting rationale.

Qualification code	Qualification	BASW Existing Worker Fund	BASW Jobseeker Fund
10934NAT	CERTIFICATE IV IN CYBER SAFETY	YES	-
10983NAT	CERTIFICATE III IN OUTSIDE SCHOOL HOURS CARE	YES	-
