

Skills Tasmania Policy Statement

Learner Eligibility: Visa Status

Intent

The purpose of this policy is to provide a consistent approach to determining learner eligibility for Tasmanian Government subsidised training.

Scope

The learner eligibility requirements apply to all students subsidised by the Tasmanian Government at any Registered Training Organisation (RTO).

Policy Statement

The following Tasmanian residents are eligible for Tasmanian Government subsidised training:

- Australian citizens
- Permanent residents

And Tasmanian residents who have permission for work and study in Australia and:

- Are New Zealand citizens with a Special Category Visa
- Are holders of temporary humanitarian visas
- Are Tasmanian State Sponsored skilled migrant visa holders
- Are a dependent (aged over 18) or partner (spouse) visa holder of an eligible applicant

All other visa holders are ineligible for subsidised training. This includes all bridging visa holders and Tasmanian State Sponsored business visa holders.

Administrative Requirements

RTOs are required to record the visa status of all students to confirm their eligibility for subsidised training, and must provide reports to Skills Tasmania on students and visa status when requested.

Copies of documentation must be kept as part of the RTO's admission procedures and according to data retention policies.

This policy statement will be reviewed annually to cover changes to Australian Government immigration policies, to analyse student data, and to establish any need for changes to the policy.

This section aims to help you determine the eligibility of any visa holder.
